EKSPOZICIJŲ CENTRAS
PATIKIMAS NUO 1992

Three chairs are shown side-by-side, illustrating the effect of color on perceived weight. The chair on the left has a light-colored seat and backrest, the middle chair has a medium-colored seat and backrest, and the chair on the right has a dark-colored seat and backrest. All three chairs have the same metal frame and legs.

Two orange chairs with chrome legs are shown against a light gray background. The chair on the left has a curved backrest, while the one on the right has a flat backrest. Both chairs have a simple, modern design.

Three chairs with red, blue, and black seats and chrome frames are shown side-by-side. The red chair is on the left, the blue chair is in the middle, and the black chair is on the right. They are all facing forward and slightly angled towards the right.

A black office chair with a mesh backrest, black armrests, and a chrome base. The chair is shown from a side profile, facing right.

Two views of a modern stool. The left view is a side profile showing a black seat, a curved metal frame, and a circular base. The right view is a front view showing a black seat, a conical metal frame, and a circular base.

Two modern bar stools are shown side-by-side. The stool on the left has a white, ring-shaped seat, while the one on the right has a black seat. Both have a chrome-plated metal base with a circular footrest and a central column with a height-adjustment lever. The background is a plain, light-colored wall.
